

Roll Call

Every week, students phone alumni. Each call leaves three things behind: a verified record, a published career path, and an alumnus ready to answer one student question.

01 THE OPPORTUNITY

IIT Bombay's Phonathon has reached 30,000+ alumni; its ASMP matches 300+ mentors. None of the five peers turns those conversations into anything the next student can reuse.

Since the rename from NITIE, alumni follow two LinkedIn pages (~8.4k and ~6.6k). Regional meets and Sansmaran need current city and function data.

02 HOW IT WORKS · THE WEEKLY LOOP

Mon · Pick Committee pulls 40 alumni from the portal by city and function.	Tue · Book Message from the committee handle with a 20-min booking link. No cold calls.	Wed–Thu · Call 6-question script; one Google Form updates 8 fields.	Fri · Publish Four approved calls become Path Cards: "Roll Call #n" on LinkedIn.	Always · Ask Desk Opted-in alumni answer up to 2 screened student questions a month.

03 VALUE CHAIN · WHO DOES WHAT

04 SIX-WEEK PILOT → SANSMARAN 2026

W0	Office approval, 300-record export, script, consent, 1-hour caller training.
W1–2	Wave 1: Mumbai, Pune, Bengaluru, Gurugram (regional-meet cities). Series launches.
W3–4	Wave 2 by function: operations and supply chain, consulting, product, finance. Ask Desk opens.
W5	Personal Sansmaran invites; Path Card wall at the venue.
W6	Review against KPIs. If they are met, run twice a year (Oct–Dec, Mar–May).

06 KPIS · PILOT TARGETS

100 calls completed of 240 contacted (est.)	100 alumni records verified	24 Path Cards published	40 Ask Desk opt-ins
---	---------------------------------------	-----------------------------------	-------------------------------

Plus: 80% of asks answered in 7 days · RSVP rate, called vs. uncalled alumni · series engagement vs. page baseline.

05 RESOURCES · SOURCING

People: project lead 6 h/wk, content lead 4 h/wk, 10 callers 2 h/wk each, alumni-office contact 1 h/wk.

Tools: portal export, Google Sheets/Forms, booking page, Canva, LinkedIn, WhatsApp.

Budget (est.): ~₹8,000: Path Card wall print ₹5,000, thank-you postcards ₹3,000. Calls cost nothing.

Acquisition: batch-matched callers; featured alumni tagged so batchmates see them; every call ends with "Who from your batch should we call next?"

07 RISKS → MITIGATION

Low pick-up	Booked slots only; sent from the official handle.
Privacy	No numbers shared; alumni approve every card; office holds the sheet.
Ask fatigue	Cap of 2 a month; committee screens every ask.
Volunteer drop-off	Weekly two-hour call night; 12 callers trained for 10 slots.

08 · WHY IIM MUMBAI

A renamed institute has to reintroduce itself to alumni one at a time. Roll Call does it for about ₹8,000 with tools the committee already uses, and leaves the office data it keeps.
